

## Mississippi 2024 Instructional Materials Review

### CompuScholar Free with Order Guide

Thank you for choosing CompuScholar's online Computer Science and Digital Literacy courses for your schools! This **Free with Order Guide** describes the free materials and services that accompany all paid individual student or unlimited campus licenses.

This guide applies to **all available CompuScholar courses**, including the two submitted for the 2024 Instructional Materials Review.

Schools and districts may choose to purchase either **individual student licenses** or **unlimited per-campus licenses**. Either way, these licenses represent the **only cost** to districts over the lifetime of your CompuScholar deployment.

The following services are free with **all individual student licenses** and **unlimited per-campus licenses** for the duration of those licenses.

#### Teacher Editions

All teacher material is online and delivered through a teacher account in CompuScholar's Learning Management System (LMS). We will **automatically supply teacher accounts in sufficient quantities to support all teachers in CompuScholar classrooms**. Teacher editions do not need to be ordered separately.

#### Teacher PD and Support

CompuScholar has a variety of **free Professional Development** options, including new-teacher training, skill-building sessions, monthly webinars, AP CSP/AP CSA Professional Learning, and Praxis CS exam prep.

CompuScholar additionally assigns a **dedicated CSR** for each teacher for 1:1 mentoring, support, questions, and feedback throughout the year.

**Free technical support** is provided year-round at our support portal:

<https://support.compuscholar.com/>

For more details on teacher PD and support, please see our **Implementation Guide** and **Features and Benefits** documents.

### **Automatic Rostering & SSO through Clever or ClassLink**

CompuScholar supports free automatic rostering and SSO through **Clever** and **ClassLink**. For details, please see our **Implementation Guide** and this SSO page:

<https://www.compuscholar.com/schools/standards/sso/>

### **Integration with a District LMS like Canvas or Schoology**

CompuScholar supports free integration of our courses into a district **Canvas**, **Schoology**, or similar LMS that supports **1EdTech** (IMS Global) standards for **Common Cartridge** and **LTI**.

For details, please see our **Implementation Guide** and this Integrations page:

<https://www.compuscholar.com/schools/standards/integrations/>

We welcome all questions! Please reach out to CompuScholar for a fast response.
